Dear Brett,

It is with absolute pleasure that I have the honour of writing to you today to thank you for your magnificent 'performance' in the role of MC at AvServe's Community Carols on Saturday 3rd December.

What is exemplary is the way in which you conducted yourself – not just throughout the night but in the weeks leading up to it. Brett, you supported us not only financially but also provided referrals to people who made the event possible. You educated us so we can be better prepared next time - priceless! We were also very impressed by your unassuming yet dedicated and professional attitude.

And what of the night itself? Wow!! Brett, it could not have happened without you. You clearly communicated AvServe's Vision at every given opportunity. You kept the program on track, ran around to gather and cue up the performers and kept the crowd entertained. When things went wrong – which they did often – you brought a sense of calm, finding solutions and maintaining that unmistakable dashing smile. Or should I say the Dashwood Smile?

To sum it up ... you are a *Master of Ceremonies*. Highly recommended and we are very grateful to you.

Warm regards,

Vanessa Lister
